

Joseph Retinger

gathering of prominent politicians, industrialists, bankers and eminent public figures, writers, trade unionists and scholars. Prince Bernard, Paul Van Zeeland, and John Coleman took the chair in turn. **The founder of this group was Dr. Joseph Hieronim Retinger** who was one of the most mysterious figures of the 20th century. “He was rumored

to have been an agent for the Socialist International, the Freemasons” and THE VATICAN.”¹¹ **It is also recorded that during the war he was an agent in MI6 and a Knight of Malta.**¹² John Pomian, his biographer, entitled him the Eminence Grise (French for “grey eminence”) meaning a powerful decision-maker or advisor who operates “behind the scenes” or in a non-public or unofficial capacity.

“The first conference took place in a scheduled hotel ... near Arhmen in Holland.”¹³ And **since that time they have met every year** except in 1976 when Prince Bernard was disgraced due to the Lockheed Scandal.

“**The importance of the Bilderberg Group stems from the people who take part.** At each successive meeting, new persons are invited. The circle thus grows larger and never gets stale. Only the inner circle called the Steering Committee, which is responsible for the preparation of the meetings, remains the same and even there a change of guard occasionally takes place.”¹⁴

In his book “The Global Manipulators” Robert Eringer states: “**Every British Prime Minister of the past 30 years has attended Bilderberg.**”¹⁵ (It should be noted that this book was published in 1980). Rodney Atkinson also states: “Bilderberg ... invites leading politicians not as individuals but because they enjoy or are likely soon to enjoy positions of power. **Both Heath and Blair were invited before they became leaders of their parties.**”¹⁶

“**The express purpose of the Bilderberger group is to regionalise Europe.** This goal was revealed by Giovanni Agnelli, the head of Fiat and one of the leaders of the Bilderbergers. Agnelli stated: “European integration is our goal and where the politicians have failed we industrialists hope to succeed.””¹⁷

Final Thoughts

We are now living in a time when *party politics no longer exists*. This can be seen by the fact that our *leading politicians attend Bilderberg meetings and set the political agenda ahead for the rest of the year*. From what we can establish, it seems like embedded deep inside the Bilderberg Group, steering those who are steering the group, there is a secret unknown power driving the world into a totalitarian Fascist dictatorship. Thus notwithstanding the BREXIT crisis, they will ensure that Great Britain will eventually be brought to yield to the political and religious designs of the Papacy. We at Voice in the Wilderness hope and pray that God will open the eyes of all mankind to awake.

“**God’s word has given warning of the impending danger;** let this be unheeded, and the *Protestant world* will learn what the **PURPOSES OF ROME** really are, only when it is too late to escape the snare. **She is silently growing into power. Her doctrines are exerting their influence in legislative halls, in the churches, and in the hearts of men.** She is piling up her lofty and massive structures in the secret recesses of which her *former persecutions will be repeated*. Stealthily and unsuspectingly she is strengthening her forces to further her own ends when the time shall come for her to strike. All that she desires is vantage ground, and this is already being given her. **We shall soon see and shall feel what the purpose of the Roman element is.**”¹⁸✠

THE PAPACY & THE EUROPEAN UNION

IN THIS TIME of economic uncertainty, when every part of the economy seems to be in turmoil, whether manufacturing, finance, or world and national trade, this economic depression seems to only worsen. Future forecasts do not hold out any optimistic hope for recovery. We are also witnessing disasters in nature on an unprecedented scale, with tornados, flash floods, hurricanes, and earthquakes increasing at an alarming rate. We are also witnessing in this new millennium the changing face of global terrorism. This has a fanatical religious element embedded into it, with suicide bombers, gunmen, and savage attacks on individuals, along with the threat of chemical, biological, and nuclear devastation being unleashed without any warning. It is unlike the terrorism of the past, which was used as a political weapon, not just for senseless murder. Another threat that we face is the constant threat of regional, national, and civil wars, as we see men and nations scramble for control of Earth’s limited natural resources.

Fascist Origin

Because we live in a world that has become globalized and international, the corporations, banks, and international financiers of the world would rather have control of the planet and its resources than just control local and national markets. This system of *corporate control* where *corporations and politicians are bedded together without the consent of the electorate and the national interest of the people* is called *Corporatism*. *Corporatism is the main ingredient of Fascism*, and Fascism has its origins with the word “Fasces”.

The fasces symbolized power and authority in ancient Rome, beginning with the early Roman Kingdom and continuing through the Republican and Imperial periods. It was characterized by an ax head projecting from a bundle of elm or birch rods about 5 feet (1.5 metres) long and tied together with a red strap.¹ *The fasces originally represented the power over life and limb possessed by the kings,* and after the abolition of the monarchy, the roman consuls, like the kings in their ceremonial processions, were preceded by twelve lictors (subordinate officers)² carrying 12 fasces.³ The supremacy of the dictator was manifested by the carrying of 24 fasces,⁴ symbolizing they had more power compared to the consuls that had 12, praetors with 6, legates with 5 and priests with 1.⁵ Another part of the *symbolism developed in Republican Rome* was the inclusion of a *single-headed axe in the fasces*, with the *blade projecting from the bundle*. The *axe indicated that the magistrate's judicial powers included capital punishment* (the death penalty).

The Fasces, symbol of Roman magistral authority.

Fasces carried within the *Pomerium*—the boundary of the sacred inner city of Rome—had their axe blades removed; within the city, the power of life and death rested with the people through their assemblies. However, during times of emergency, the Roman Republic might choose a dictator to lead for a limited time period, who was the only magistrate to be granted capital punishment authority within the Pomerium. Lictors attending the dictator kept the axes in their fasces even inside the Pomerium—a sign that the dictator had the ultimate power in his own hands.⁶

Papal Influence

The principle of modern Fascism as exercised by the dictators of Europe in the 1930's and 1940's, Mussolini, Hitler, Franco, Pavelich and Salazar, has its origin not in the secular but in the *religious realm*. Its fundamental foundation can be found in a **Papal Encyclical Letter of Pope Pius XI**,

which was issued on the 15th of May 1931 entitled *Quadragesimo Anno* (Latin for the 40th Year). It is also termed “On the Reconstruction of the Social Order,” which was to signify forty years since Leo XIII’s ground breaking Encyclical called *Rerum Novarum*, On The Condition of Working Classes which deals with the struggle between capital and labour.

The Vatican, historical advocates of a corporate, Fascist state.

It was to repeat in more orthodox language what Karl Marx had said ten years before in *Das Kapital*, published in 1881.⁷ Dr. L. A. Lehman in his book *Behind the Dictators* states “The misconception that the corporative system is purely an economic matter, has blinded the American press and public to the real aim behind Catholicism’s advocacy of it. **Corporatism is indeed the economic ingredient of Fascism.** But it is also the *essential element of Fascism*, since the *corporatives make a parliament or congress unnecessary*. For these *corporatives* are the *means through which the “Leader” exercises his dictatorial will*. It was precisely because the Supreme Court judged that, by the NRA,⁸ Congress had abdicated its powers and was thus paving the way for Fascism, that it took vigorous action against it. The entire ideology of Fascism and Nazism – in social, economic, educational, religious and military matters - is contained in the corporative system. **Corporatism is Fascism.**”⁹

The whole aim of Nazi Fascism during the 1940's at the time of the Second World War was for the installation of a continental followed by a global **New Order**, which history teaches was destroyed by the allies through the conflict of arms by land, air, and sea. Unfortunately though the Fascist armies were defeated in open battle, the powers working behind the scenes did not relinquish their aim of *creating a*

New Order in Europe followed by a *New World Order embracing the whole globe*. As stated prior, **Roman Catholicism** was the *intellectual foundation of the corporative and Fascist state*, for she is the *inheritor of the Imperial Roman Empire of the Caesars*. This power is wielded through her intelligence organization called the *Society of Jesus*, better known as the **JESUITS**.

After the Papal Bull of 1773, during the suppression of their order, many in the Jesuits wanted to continue with the programme of international global control, but because of the suppression of their society they felt it would be more effective to do this through a secular garb. One such Jesuit was a doctor of Canon Law from the Jesuit University of Ingolstadt, Bavaria, whose name was *Adam Weishaupt*. “Weishaupt had long been scheming the establishment of an Association or Order, which, in time, should govern the world. In his first fervour and high expectations, he hinted to several Ex-Jesuits the probability of their recovering, under a new name, the influence which they formerly possessed.”¹⁰

Continual work of the Illuminati

The organization that he founded was given the name the **Illuminati** which was founded May 1, 1776, only 3 years after the order of the Jesuits was disbanded. May 1 is called **Beltane** in the occult; it is a *celebration of the coming summer* observed by the kindling of fires on the hills. This can also be described in the *seal of the Illuminati which is also the reverse seal of the United States of America*.

It shows a pyramid with 13 levels, with a capstone made of *an eye with the blazing fire of the sun behind*, and the motto of the Illuminati. The motto explains the aims of the organization, that motto being “*Novus Ordo Seclorum*” which translated into English means a “*New Order Secular*”, or in our modern grammar a “*New World Order.*”

While not an official organization bearing that name today, the Illuminati continues its work under the auspices of other clandestine groups and organizations such as the **Bilderberg Group**. The public name of this group was derived from the Bilderberg Hotel in Oosterbeek, Holland, the site of the association’s first meeting. “There were about 80 participants including some 20 Americans. It was a very high-powered
